The Professional Associations Complex
Amman- Jordan

Subject: M.Sc. in Risk Management Program

Greetings from the American University of Madaba (AUM).

Building on the success of AUM's BA program in Risk Management, the first of its kind in Jordan, we are now proudly offering a comprehensive new state-of-the-art **Master's Degree program in Risk Management at the Faculty of Business and Finance**. The program is expected to cultivate the following valuable professional skills:

- Enrich students' knowledge and understanding of local and international economies and uncertainty factors affecting them.
- Sharpen and expand students' decision-making capacity by applying original Risk Management frameworks and solutions.
- Add field and practical experience to students' overall knowledge through a range of local, regional and international partner organizations.
- Strengthen our graduates' competitive advantage through the multidisciplinary nature of AUM's Risk Management program, which widens their career paths and opportunities for advancement across almost all business and industry sectors.

In addition, AUM offers financial incentives for potential Master's students:

- University graduates with a GPA of 'good' and above: **15% scholarship** on the Credit Hour tuition fee of 225 JD.
- Employees of private and/or public institutions (in case of three students working in the same institution): **20% scholarship** on the Credit Hour tuition fee of 225 JD.
- Employees of private and/or public institutions (in case of more than three students working in the same institution): **25% scholarship** on the Credit Hour tuition fee of 225 JD.

We would, therefore, be most grateful if you circulate this letter to your employees in your highly esteemed company.
